

Water Resilience Collaborative **OPEN HOUSE**

Monday, May 12

9-10:30 am

Student Innovation Center

Opening remarks and teammate recognitions start at 9:30, but feel free to stop by whenever you are able.

Anyone on campus interested in water research is invited to meet the team, get to know our mission, and connect for future water resilience programming!

**Scan to add to
your calendar**

**Pastries and coffee will be provided—
start your Finals Week with us!**

The WRC is a group of interdisciplinary researchers and extension leaders at Iowa State, collectively working towards advancing water security and resilience throughout the urban-rural continuum.
